The figure displays three vertically stacked plots, each representing the results of a BLAST search for a specific sRNA sequence. The y-axis for each plot ranges from -1.0 to 1.0, and the x-axis represents the sequence length, ranging from 0 to 10000. Each plot shows a horizontal line at y=0.0, indicating no significant matches were found. The text 'positive=0, negative=0, total=0' is displayed on the left side of each plot.
